KURUMSAL

BORPANEL doğaya ve insana olan saygısı ve yaşam kalitesini arttırmaya olan inancı ile ürünlerde kalite ve estetiği ön planda tutarak, **% 100 doğal masif ahşap ürünler ve projelere yönelik üst düzey kaliteli özel ahşap ürünler üretmektedir.**

BORPANEL, banyo mobilyaları, masif ahşap panel, masif ve kaplamalı iç kapılar, konut, otel, hastane vb. prestijli projelere özel çözümlenmiş mobilyalar ve ahşap ambalaj malzemeleri üretimini gerçekleştirmektedir.

BORPANEL'de, ürünler fabrikada bulunan 4 adet 500 m³ hacminde ki kurutma fırını ile ısıtılardan geçirilmektedir. Kurutma fırınları için gerekli olan enerji, fabrikada üretim sırasında oluşan atıkların geri dönüşümü ile elde edilmektedir. Isıtılardan sayesinde ahşabın içerisinde ki nem oranı optimum seviyeye (%8-12) düşürülmekte ve ahşabın şekil değıştirme riski ortadan kaldırılarak, ürünler nesiller boyu dayanabilme özelliđi kazanmaktadır. Üretimde kullanılan diđer ahşap esaslı hammaddelerin tamamı **insan sağlığı** göz önünde tutularak, Avrupa standartlarına ve E1 normlarına uygun seçilmektedir.

Toplam 16.000 m² kapalı alana sahip olan **BORPANEL**'de yurt genelinde gerçekleşen satışların yanı sıra, 11 ülkeye de ihracat yapılmaktadır.

BORPANEL'de insan benliğinin olduđu her yere değeri katmak üzere yaşam kalitesini artıracak şekilde tasarlanan ürünler, üst düzey ağaç işleme teknolojileri ile hazırlanarak usta bir sanatkarın elinden çıkmışçasına üretilmektedir.

COMPANY

BORPANEL, by giving particular importance to quality and aesthetics in the light of respect for nature and human and of belief in improving the standards of living, **manufactures high quality special wooden products intended for 100% natural solid wood products and special projects.**

BORPANEL, manufactures special furniture and wooden packing materials for prestigious projects such as bathroom furniture, solid wooden panels, solid and veneered interior doors, residences, hotels, hospitals, etc.

During the production in Borpanel factory, the products are being applied with heat treatment in 4 pieces of 500 m³ capacity drying kilns. The energy required for operating the kilns is provided by means of recycling the wastes which are being left during the production process in the factory. The humidity rate in the products are being reduced down to the optimum level (8-12%) by means of heat treatment and the risk of deformation of the product is being removed with this method in order to provide a product life which may last for generations. The entirety of the other wood based raw materials being used for production is selected among the options with European standards and in compliance with E1 norms by considering the importance of **human life.**

BORPANEL, having a total closed area of 16.000 m², carries out export operations with 11 countries along with its domestic sales. **BORPANEL** products which are designed in the manner that improves life quality in order to add a value into every space where human existence is available are being manufactured by being prepared with advanced wood processing technologies as they are pieces of art from the hands of a craftsman.
